Friends of Kids with Cancer and the family and friends of Mackenzie Woelbling are pleased to offer a scholarship in her honor. Mackenzie was diagnosed with rhabdomyosarcoma in September of 2003 at the age of three. For the next 10 years she fought the battle of her life, facing multiple relapses, as well as an additional diagnosis of osteosarcoma. She stole the heart of many and like any young child she was fun loving, silly, adventurous, and loved animals, especially dogs. Mackenzie loved being in school and worked very hard to keep up with her academics. The family and friends of Mackenzie would like to honor her memory by offering this scholarship to one applicant that best exemplifies Mackenzie’s spirit and lust in life while keeping in mind that perseverance and determination in education are most important!

It is the **scholarship recipient’s** responsibility to contact Friends of Kids with Cancer in the case of taking the semester off, transferring schools, not returning to school, or any other changes regarding schooling.
